Austin, Tex., Feb. 4.—A quorum failed to materialize this morning when the roll was called in the senate, there being only eight senators present, the remainder visiting the various state institutions.

According to senator Vaughan, who is just back from Texarkana, where he attended a mass meeting relative to the Texarkana charter, an effort will be made to pass the Texarkana charter bill over the governor's veto. Many senators favor this plan. The governor objected to the charter on account of the recall feature.

SUSPECTED SUICIDE  
AT ATLANTIC CITY

Atlantic City, N. J., Feb. 4.—Dragging the ocean bed about Million Dollar pier has failed to bring any trace of Richard L. Ashhurst, postmaster of Philadelphia, who disappeared on the Strand last Monday night.

It is believed the aged man, who had been in ill health for some time, committed suicide.  
The last man who saw him was a chair pusher, who wheeled him to the pier. Mr. Ashhurst appeared cheerful and told the man he need not wait for him. Mr. Ashhurst is a member of an old and wealthy Philadelphia family and belonged to an exclusive social set in that city, was a civil war veteran and a member of the Philadelphia bar.INSTRUCTED VERDICT IS

The case was heard by J. P. Woodson, special judge. The defendant Friday afternoon withdrew all testimony introduced in her behalf and gave notice of appeal on a judgment rendered in 1909 in suit instituted in 1887.

OROZCO'S UNCLE  
IS OUT OF JAILJuarez Found he Wasn't  
Even Suspected When His  
Nephew's Army Came.

Bartholome Orozco, uncle of the rebel chief, was released from the Juarez jail Friday evening at 6 o'clock. Jefe politico Martinez said Saturday morning that Orozco had been released because there was no evidence that he had any connection with the revolutionary movement, which is being furthered by his nephew, now commanding the troops outside of Juarez. He is a rancher near Moctezuma and claims to have been in El Paso to get the money for some cattle that he had the present time. He was given back the money that was taken from him by the authorities.

The horses were the small, shaggy Mexican ponies which are used by the federal cavalry and wore the regulation Mexican cavalry saddle. They were turned over to the federal authorities by the line rider, who was accompanied to town by two United States troopers from the detachment down the river.

INSURRECTOS HAVE  
PLENTY OF FUNDS

That the insurrecto cause is well supplied with revenues is known positively. Where they are getting the funds to carry on the fight is not known, although it is known that a number of influential and wealthy Mexicans are assisting in financing the movement. One source of revenue for the insurrectos is from the mines in the district which they have captured. The insurrectos are in control of the La Union district of Chihuahua and are receiving state and district taxes from the La Republica mine, of the richest in the entire republic.

## Years of Suffering

Catarrh and Blood Disease—  
Doctors Failed to Cure.

Miss Mabel F. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with catarrh and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from catarrh."

TRAFFIC AGREEMENT  
IS NOT NECESSARYExtension to Tucson Depends Only on Revenue Possible.  
Tucson, Ariz., Feb. 4.—That the extension of the El Paso & Southwestern to Tucson does not depend upon traffic agreements with the Southern Pacific, as has been rumored, but upon the portion of possible revenue to the expense of operation is the statement of general manager H. J. Simmons, who was here Friday on his way to Yuma.

"We cannot give our verdict until the evidence is all in," he said after reiterating that a location survey is being made for the extension to Tucson. Mr. Simmons stated that his business to Yuma was of a personal nature and not connected with railroad development.

## Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.  
The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.
